

# Muhammad Saad Rasheed

FULL STACK DEVELOPER FOR  
STARTUPS

## EDUCATION

2024 NED UET

Bachelor of Science  
in Computer Science

## KEY SKILLS

Python

React

Backend Developer

Interactive Developer

Project Manager

## INTRODUCTION

Full Stack Developer with a passion for crafting clean, responsive, and scalable web solutions using modern technologies. I specialize in building intuitive frontend interfaces and robust backend systems that solve real-world problems.

## WORK EXPERIENCES

2025 KisanMarkaz

Full Stack Developer

- Spearheaded the development and maintenance of dynamic, user-facing features for the KisanMarkaz platform, improving overall functionality and engagement.
- Partnered with UI/UX designers to translate high-fidelity designs into responsive, accessible, and intuitive user experiences.
- Implemented performance optimization techniques, significantly enhancing page load speed, responsiveness, and scalability across devices.

2024 BIT Technologies

Full Stack Developer

- Led the end-to-end development of scalable and high-performance web applications at BIT Technologies, with a strong emphasis on maintainability and user-centric design.

- Collaborated cross-functionally with backend engineering teams to architect and implement seamless API integrations, ensuring efficient data flow and system reliability.
- Made impactful contributions to open-source projects integrated within the BIT Technologies ecosystem, driving innovation and fostering broader developer adoption.

## 2023 Tres Mind

### React Native Developer

- Developed cross-platform mobile applications using React Native, seamlessly integrating with Tres Mind's backend services to ensure efficient data flow and functionality.
- Enhanced application performance and user experience through rigorous code optimization, debugging, and automated testing.
- Collaborated closely with the product and design teams to translate user feedback into actionable feature improvements, resulting in more intuitive and responsive user interfaces.

## KEY ACHIEVEMENTS

### 2025 Project Success

Completed over 16+ development projects with a 96% success rate, delivering robust and scalable solutions.

### 2025 Client Engagement

Increased user engagement by 45% through optimized, user-friendly web and mobile interfaces.

### 2025 High-Volume Development

Developed and deployed over 100 features across web and mobile platforms, enhancing functionality and performance.

### 2025 Workflow Optimization

Reduced project delivery time by 25% by streamlining development processes and implementing efficient coding practices.
